

# I AM PENDANT

The **I AM PENDANT** reminds you of the light that shines within you—your inner flame, your presence, your true greatness.

There is an engraved flame in the centre, which symbolizes your own Divine core.

When worn on your body, this pendant helps you to stay more centred, stabilise your energy field and connect more consciously with your inner truth. It is also very well suited as an aid to learning.

The I AM PENDANT acts like a gentle resonant impulse that constantly reminds you of your own light, your own flame, and strengthens your presence – in everyday life, in challenging moments, and wherever you wish to reveal your true strength.
